**ROCKVILLE INTERIORS TO PARTNER WITH A WIDER CIRCLE TO PROVIDE CUSTOM HOME INTERIOR PRODUCTS TO A COMMUNITY IN NEED**

Rockville, MD — A home interior design products company that has provided high-quality fabrics, and handcrafted custom furnishings to the Rockville community for the last 45 years, has partnered with Silver Spring nonprofit, A Wider Circle (AWC), to provide custom home interior products to a community in need. Rockville Interiors will create and donate custom pillows, reupholstered items, and blinds/shades to members of the A Wider Circle community to support them as they move into new homes.

The effort, newly designed for the 2017 calendar year, was created by Rockville Interiors Director of Commercial Sales, Dan Fulop, as he considered A Wider Circle and their contribution to the community. AWC's mission is to end poverty for one individual and one family after another. The organization also works in partnership with those they serve and with those seeking to help ensure that every child and adult has the chance to succeed and the opportunity to live well. So, for the next year, Fulop and his fellow employees at Rockville Interiors plan to support AWC's endeavors through the work of their hands. Rockville Interiors also plans to support a few of AWC's events as well, including The Race to End Poverty and A Night of a Thousand Dinner Parties.

"A Wider Circle is an organization that has clearly demonstrated its commitment to the residents of this Silver Spring and greater Montgomery County community, and we still own and operate a work room near their location in Silver Spring."

"We are dedicated to this community, too," Fulop says. "So, I thought about the extra resources we have here at Rockville Interiors and thought about how our store could create items that could be of value to those who AWC already serves by providing items that we already create that could make a difference in their lives by making them feel more at home."

"For 45-years my family's brand has been built on the idea that your surroundings – especially your interiors - matter. We have crafted window treatments, and custom pillows, reupholstery and more by hand for generations. It is our hope that those who receive these items will be able to feel the love we sew and sow into these handcrafted items and enjoy the beauty that they can bring to a room just as we have enjoyed them."

Officials from A Wider Circle are pleased that Rockville Interiors has chosen to support their organization in these ways. "We are inspired by to the partners from our immediate community and the community at large who think about how they can use their time, talent and resources to benefit our neighbors in need," says AWC Director of Development Jenna Patchen Metzger.

"We are grateful to Rockville Interiors for their generosity. We know that our clients will be touched by their commitment and inspired by the partnership. The commitment of corporations like Rockville Interiors is exactly what we need to help create change in our community"
